What are your most popular products or services?
Custom games. We work our clients' inside jokes and intimate details right into the mystery plot!

People may be surprised to know...
I'm not as dark as some people expect someone who plots murder for a living to be.

Who is your role model or mentor?
Grace Kelly. She was class through and through and made her decisions for no one but herself.

What is your indulgence?
I have a great appreciation for a really good cup of coffee, and even the thought of shopping makes my heart beat faster!

What or who inspired you to start your business?
More than 40 jobs before the age of 25! Nothing taught me the importance of doing what I love better than being forced to do things I despised.
