

The Summer School Swiper

Professor Pockerton

Professor Pockerton's strict teaching and lack of tolerance for tomfoolery makes the teacher a prime candidate for the summer school position.

Eve Everson

Eve is a heartthrob, and most of the boys in the school have a crush on her. She was not at school last semester as she was tending to her ailing grandmother in another city, and she is in summer school trying to catch up on what she missed during her absence.

Trip Masters

Trip is the hero of the school basketball team. He is famous school-wide for his game-winning shot – a 3-pointer from outside the key. Trip is very popular with the girls but struggles with his schoolwork, and even the top tutors haven't been able to coax him to concentrate enough to excel.

Archie Hays

Archie is one of the top students in the school, and he actually requested summer school to keep his mind from going stale over the summer. Most students in the class won't talk to him, and he kisses up to Prof. Pockerton constantly.

Donnie Diego

Donnie's father is an extremely wealthy lawyer, and Donnie has had everything in life handed to him and then some. As incentive to do well in school, has agreed to pay for a two month trip to the French Riviera the following summer if Donnie attends summer school, regardless of his end marks. Donnie stays away from everyone else, acts like he is better than the other students and often sleeps through class. He brags about the famous people he has encountered, namely, Hilary Duff and Ashley Simpson.

Willow Williams

Most people call her "Wacky Willow," and her odd clothing and behavior only intensify the teasing she receives. She is intrigued with the world tarot cards and witchcraft. Most people in the class hate her, although they hardly know her.

Jenny Jameson

Jenny is Janey's sister, and their parents put a lot of pressure on them to do well. Their parents have launched a competition between the sisters, and the daughter with the top marks in summer school will receive \$1000 and praise, the loser will receive nothing. Jenny enjoys the praise she receives from doing well, but even though she tries very hard in school, there are certain subjects she hates, and therefore doesn't do well.

Janey Jameson

Janey is Jenny's sister, and their parents put a lot of pressure on them to do well. Their parents have launched a competition between the sisters, and the daughter with the top marks in summer school will receive \$1000 and praise, the loser will receive nothing. Janey's head is always in the clouds, and she enjoys doodling in her notebooks instead of taking notes.
